

Hans van Mol for Democratic State Committee

Hans is the next generation of leadership that Pennsylvania so desperately needs! Currently completing his first term on State Committee, he is highly respected and trusted by the people he served with. He understands the real role of a

good State Committee member, by making your needs known up to Harrisburg, and bring both information and resources back down to the county level. He has worked hard to be YOUR voice during this current term. Hans' 2015 race for County Recorder of Deeds and 2016 campaign for State Representative have exemplified his commitment to finding solutions to Pennsylvania's crucial issues. A proud graduate of West Chester University and lifelong resident of Tredyffrin Township, he serves as President of the Chester County Young Democrats and was elected State Secretary of the Pennsylvania Young Democrats in 2017. Hans asks for your re-election support so he may continue to advocate for Chester County Democrats in Harrisburg.
